Andersson Family Foundation LLC as an organization takes no legal or personal (to or from any

members or managers) responsibility for any transaction, or financial agreement, executed on any of the networks presented on the, provided by the Andersson Family Foundation LLC, homepage www.anderssonfoundation.com

Andersson Family Foundation LLC is a registered Wyoming state-based corporation (filing ID 2021-000978243), in the United States of America. Andersson Family Foundation LLC provides *private unregulated wealth management and non-custodian trust planning*. The entity is not founded for a financial net profit purpose. The legal entity of Andersson Family Foundation LLC takes no responsibility for any trades which are taken place on the various networks. (by date 25.01.2021: Bitcoin network, Ethereum network, Gemini network, Litecoin network, Cardano network, Sirius network, Binance network, Chainlink network, Uniswap network). Clients that are eligible and verified to use the network have been going through a KYC and AML process by United Global Credit Inc., which is a company based in Delaware, U.S.A. responsible for audit and credit information. Andersson Family Foundation LLC with all its members or managers **has no relation with the operations or decisions of United Global Credit Inc.** and stands without any responsibilities in any legal court connected to any business or trading operations involving fiat currency, private company bonds, treasury bonds, institutional and private investment funds or crypto transactions. *Territories: Africa, Antarctica, Australia/Oceania, Europe, North America, South America*).

*The investment process that you are about to proceed is a transcrypto-transfer schedule that involves registered and proven financial technologies partners. When you as a user on a blockchain network proceed with payments and value handlings you do that directly towards another user. There is no central organ that can handle your needs or requests prior to or after a transaction. Therefore please be very informed of what a bitcoin transaction and cryptocurrency transaction manifest in its being and purpose. Fiat money transferred into the system should be seen as a **private investment gesture** and does not include a regulated nor a custodian based wealth management service entity.*

United Global Payment Systems Inc., the custodian and liquidity partner of transactions, is not a regulated financial nor financial processing company in the United States of America, nor in the United Kingdom, Asia, Africa or in European Union. Therefore should all transactions on all networks,

only be accepted and audited by United Global Payment Systems Inc **together** United Global Credit Inc, **be treated as legal and complaint processed**. All other transactions without receiving acceptance of partnership or transfers possibilities on the networks, will not be accepted nor by the Andersson Family Foundation LLC, United Global Credit Inc, or United Global Payment Systems Inc. These transactions will be declared disqualified.

Andersson Family Foundation LLC takes no responsibility for managed funds or any value structures that are made outside the acceptance and audit of United Global Credit Inc.
